

## My Mum

My mum has eyes the colour of the deep blue sea. Short brown, golden hair like a golden gel pen. My kind, crazy, funny mum loves jewellery. We have a lot of awesome things in common like we both love Twilight New Moon, Eclipse and Breaking Dawn movies and our favourite character is Edward.

She loves me cooking tea for her, any food it doesn't matter. She always sleeps in. Whenever I try to wake her up she just moans and snuggles back in. I love her more than becoming rich.

Her style is very awesome and modern, black, red, green and brown. My mum feels happy when I cuddle her. My mum thinks that when I grow up I will never cuddle or kiss her but I will always love her 24 - 7.
